

# SPARK EUROPE WEBINAR SERIES 2023

Wednesdays  
at 4 pm CET

SPARK Europe  
Education

## Team building and how to establish a company

Namir Hassan, CEO at Zelluna  
Immunotherapy

25 January 2023 | 4 – 5 pm (CET) | Online Webinar

**To develop your idea into a growing business you need an excellent and well-functioning team. Learn more about what it takes to build a team and establish and grow a successful business and use the opportunity to discuss with an experienced industry expert during this interactive seminar.**

Many don't realize that building a team and bringing in the right expertise is just as critical and as difficult as developing the idea to a final product or solution. If you don't have the right people on your team or your team can't work together, you have no chance of making a successful business, no matter how great your product is. Which competences do you need when you build your team? What are the pitfalls? What is critical? What are the dos and don'ts?

**Namir Hassan** has more than 15 years' experience from biotech and pharma industry with proven success in building innovative, business-focused teams, and leading them to deliver high value. He has expertise in immunotherapy-related topics and broad knowledge in drug discovery. His previous assignments include Vice President at Immuocore, group leader at GSK and visiting lecturer at University of Birmingham. Namir holds a PhD from University of Oxford, where he is currently visiting lecturer.

**Online via Zoom | Please register [here!](#)**

Registration to the webinar is required in advance. Please register no later than January 24<sup>th</sup> 2023.

The webinar is open to all **SPARKees**, **SPARK mentors**, and **students** and **staff** of **SPARK associated organizations**.

**In unforeseen cases, the organizers may change and update topics and speakers.**
